

The Paradise Coastmen

New Members

Frans Erik K. Ronsholt hails from Denmark and learned of our chorus from Frank Tesseyman. A retired economist, he is a welcome addition to our baritone section. Frans is married to Sandra Hadler, a native of England, and resides in Naples from late September through sometime in May. He also sings in a mixed chorus in Naples. A veteran of 50 years of singing in choruses in seven countries, Frans is aspiring to sing in a quartet.

Rehearsal on April 21st

After commenting on how sometimes we can turn it on.
How well we sang at the Moorings Park Concert.
How well we are singing at the end of a rehearsal.

Mike Slamka

Mike's closing words were:

What I would love NEXT WEEK is
Blow B' and start The Old Songs
Take me by storm!
Set the tone early!
And have a bunch of fun the rest
of the night. Turn your brain on
when you walk in the door!

Well, another high season in Naples has come to an end and all things considered, we had an exciting time. Covid is on the wane, we performed about half dozens times to appreciative audiences, and we were successful in attracting a gold medal director in the person of Mike Slamka. As we head into the summer months it is critical that we keep the momentum going. Mike will continue holding weekly rehearsals at Our Savior Lutheran Church. Jerry Vetowich and Bob Davidson will continue to Zoom the rehearsals so that our "Snowbird" members can also participate. Should you miss a rehearsal, fear not, as Jerry will record and email it to you the next day. Our Music VP, Fran Page, has already downloaded both the performance and 2023 show repertoire on both CD and flash drive. If you would like one to play at home or in your car, let Fran know and he will give or email one to you. Let's all plan to return in the fall up to speed on our words and notes. 2023 promises to be an even better year with the resumption of our annual spring show and a few surprises

See ya in the fall !

Random Musings From The Center Lane

It's good to see The Paradise Coastmen on the road again. They look terrific; harmony is wonderful. Making music, ringing chords—that's where it's at!

I have never had satisfactory answers to these question: How can there be any sin in sincere? Where is the good in goodbye? Get back to me when you get a chance, will you! Now, if I can only find those 76 trombones that I left on the bus the other day!

Larry Leonard
Random Thinker

Peace and Harmony. We seem to be having trouble with that peace thing these days. Remember when we sang Aquarius? Audience loved it; judges dumped us! More world singing might help close the gap in an uncomfortable world. Just thinking, that's all, nothing more, nothing less!

A note from a former member

Many thanks for continuing to send the ShopNotes to me. I continue to recognize some faces and names (Bob Slade, Richard Klym, Jim Shubert to name a few). Is Russ Lord still singing with the chorus? I was BOTY in 2008. I am singing with the Men of Harmony in Nashville
